

Supply Chain Policy

An effective and efficient supply chain is crucial to the success of Watkin Jones Group. We ensure that everyone understands the value and commercial benefit that can be delivered by a well-managed supply chain.

Our vision is for our entire supply chain to embrace and share our commitment to sustainable development and ethical business practises.

It is our objectives to create and develop opportunities to work closely with our Supply Chain Partners (SCP) to mutual advantage so that together, we can deliver the best value solutions for the benefit of our clients.

The Group is guided by a set of principles, which form the basis of our client focused approach. Ensuring maximum value is delivered to our clients, we continuously develop and improve our collaboration with our SCP.

Our Aims

- To focus the needs of Watkin Jones Group, the supplier and its clients to ensure all parties benefit from the business relationship.
- To build a supply chain 'relationship' through fair and ethical business practice.
- To ensure that the quality and environmental credentials provided by all SCP is to the levels expected by Watkin Jones Group and its clients.
- To show loyalty to our SCP as a reward for excellence.
- To not use suppliers who Watkin Jones Group believes use unethical practices of any description and comply with employment law at all times.
- Ensure all SCP are vigorously assessed via our Quality and Environmental Management Systems to gain preferred supplier status.
- Monitor the performance of each SCP during the project with identified key performance indicators and formally at Post Contract stage.

This policy will be reviewed on an annual basis in conjunction with the Chief Executive Officer.
